7. BUY AMERICAN EXCEPTION PROCEDURE

Compliance with and enforcement of the Buy American Provision in the National School Lunch Program, requires school food authorities (SFAs) to purchase, to the maximum extent practicable, domestic commodity or products. There are limited exceptions to the Buy American provision which allow for the purchase of products not meeting the “domestic” standard as described above (“non-domestic”) in circumstances when use of domestic products is truly not practicable. These exceptions should be used as a last resort:

- The product is not produced or manufactured in the U.S. in sufficient and reasonable available quantities of a satisfactory quality; and or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product. **For this BID, significant is defined as 10% or more expensive than a like non-domestic item.**

The participating school districts will accept non-domestic items only if they meet one of the two criteria above.

For each line of the bid, please indicate in the Milk and Dairy Bid Worksheet that the item to be provided satisfies the criteria for a “domestic commodity or product” as defined above, by selecting “X” from the dropdown arrow in the Domestic Product column. In the event that an item is supplied is not of U.S. origin, the vendor shall indicate this on the worksheet by selecting “Exception” from the dropdown arrow in the Domestic Product column.

Documentation of each exception shall be provided by the Vendor using the **Buy American Exception form which is at Attachment 2**. Please provide these exceptions as PDF files, one for each item, on your USB drive when you submit your bid on April 28, 2020.

The winning vendor shall work with the Bid Coordinator after the award to secure proof of domestic origin for all bid items that are indicated as being domestic.

Each modification must be numbered in sequence and must reference the original IFB and must be signed by the same person who signed the General Bid Form or a surrogate so authorized in writing.

After the bid opening, a bidder may not change any provision of the bid in a manner prejudicial to the interests of MAPC, and the participating Cities, Towns and School Districts.

10. PROVIDING A HACCP PLAN

The vendor must submit written documentation accompanying their submission stating and defining their HACCP food safety program – sending their full HACCP plan is the best way to satisfy this

requirement. Submission of this information is a minimum requirement and failure to do so may result in the bid's disqualification.

11. ESTIMATED QUANTITIES

Estimates of purchases are indicated on the Milk and Dairy Bid Worksheet, providing information from each participating school district based on projected usages. Actual quantities may be adjusted due to government regulations, delivery of federal commodities including, but not limited to Net off Invoice allocations and brown box commodities, student preference changes, or meal program participation changes.

This IFB recites estimated quantities to be supplied by the vendor, which may or may not be purchased during the Contract period. Neither the participating school districts nor MAPC guarantees a minimum or maximum number of purchases through this IFB. Nothing in this IFB shall be interpreted as a restriction upon an eligible party from buying any item or similar product by any other means, from any other vendor(s), or from the selected vendor at any time during the contract term. No enforceable obligation exists under any resulting Contract beyond an individual Member's appropriated funds.

12. COMPLIANCE WITH IFB

Bidders must comply with all requirements of this IFB in order to be eligible for contract award.

Minor informalities will be waived, or the bidder will be allowed to correct them. If a mistake in a bid is evident and the intended bid is clear on the face of the Bid Price Form, the mistake will be corrected to reflect the intended correct bid and the bidder will be notified in writing. The bidder may not withdraw such a bid. MAPC may reject or a bidder may withdraw a bid if the mistake is clearly evident on the face of the Bid Price Form, yet the intended correct bid is not similarly evident.

Conditional bids will not be accepted. A conditional bid is one that imposes any condition or conditions on a bid or changes the price or any other provision of a bid in a manner prejudicial to the interests of the jurisdiction or fair competition.

13. QUESTIONS

Bidders are requested to immediately and thoroughly review the IFB and Specifications and promptly notify MAPC of any ambiguity, inconsistency, or error which they may discover. Direct all inquiries or questions to Mark Fine via email at mfine@mapc.org. No substantive inquiries will be accepted after Wednesday, April 15, 2020 beyond those that seek simple clarifications about the bid. Responses to inquiries that affect all bidders will be issued as addenda. MAPC will not provide, authorize or honor any alleged oral interpretations.

If questions are received after April 15, 2020, MAPC, in its sole discretion, will determine if additional addenda are required and whether to alter the bid due date. MAPC will advise all prospective bidders of such activity.

MAPC reserves the right to disqualify any bidder that it believes to be interfering with this procurement by raising irrelevant, nuisance, or diversionary issues in order to delay or render the procurement invalid, whether timely or not.

Failure of any bidders to read and become familiar with any portion of this IFB will not relieve them from any of the obligations described herein, whether they may be required during review of the bids, or performance required under a contract.

14. ADDENDA

Responses to inquiries regarding interpretation or clarification that affect all bidders and corrections or changes to the IFB will be issued as Addenda. Addenda will be distributed via email to all parties that MAPC is aware have obtained the IFB using the contact information provided to MAPC. A copy of any addendum issued will be on file at MAPC. Absence of "failure" messages electronically transmitted from addressee's site will serve as confirmation of delivery of addenda. Bidders should contact Mark Fine via e-mail, phone or fax if they believe an addendum has not been received. The last addenda is expected to be provided no later than Friday April 17, 2020.

A copy of all addenda that are issued should be included in the bid package and each addendum should be initialed in the bottom left corner of the first page of the document by the bidder.

20. RULE OF AWARD

The Milk and Dairy bid will be awarded by zone to the responsive and responsible vendors for the 2020-2021 school year based on the aggregate bottom line total of the milk and dairy bid worksheet for each zone. It is possible that single vendor can win the award for more than one zone depending on their pricing. MAPC, in the interest of participating school districts, reserves the right to reject any bid if performance by the vendor has been found to be unsatisfactory based on information provided by the participating school districts.

Individual districts shall determine if they will use firm or fluctuating milk pricing after the award and will notify the winning vendor for their zone of their intent.

21. TIMEFRAME FOR AWARD

The bid award will generally take place no later than a week after the bid opening date at which time all parties will be notified. The public opening is expected to end 30 minutes after start time.

22. RESERVED RIGHTS

MAPC reserves the right to:

1. Cancel this IFB at any time, with or without notice to prospective bidders. Reasonable efforts will be made to give timely notice.
2. Accept or reject, in whole or in part, any and all bids as permitted by law.
3. Award contracts as it deems best serves the interest of MAPC and/or the Cities, Towns and School Districts.
4. Act as its own reference and make such investigation as it deems necessary to determine the ability of the bidder to perform prior to execution of the contract.
5. Waive or adjust non-statutory bid requirements before or after bids are opened in whatever ways it deems best serves the interests of the participating school districts.

23. CONTRACT TERM AND PRICING

This solicitation is seeking both firm and fluctuating pricing on milk items, firm pricing on other dairy, and a fixed annual rental charge for milk coolers for the 2020-2021 school year, beginning July 1, 2020 and ending June 30, 2021.

Firm milk prices must remain fixed for the entire contract period. Fluctuating milk prices for fluid milk are based on the USDA Class I price for the month of April 2020. If during the term of this

contract the established Class I price varies from the Class I price of April 2020, the unit price as stated in this contract shall be adjusted either downward or upward to reflect said change.

The cost of milk coolers has been separated from the unit cost for milk. The participating school districts are requesting a fixed annual charge for each cooler size, to be entered on the bid price worksheet in *Section 3 - Milk Cooler Rental*. This annual charge shall be billed to each district in 10 equal installments, beginning in September and ending in June

All price entries and calculations submitted on this bid are considered by MAPC and the participating school districts to represent the intent of the bidder. The group WILL NOT allow changes to any entry due to an error on the part of the bidder at the time of the bid opening. If an error is discovered by the vendor awarded the bid subsequent to the bid opening, the bid in question may be withdrawn in its entirety or the bid price must be honored regardless of profit or loss to the distributor.

There shall be no additional charges levied to any school or district for fuel surcharge.

24. CONTRACT CONDITIONS

A sample copy of MAPC's standard contract can be found in Appendix B. Bidders must be willing to sign MAPC's contract. MAPC will not accept a bidder's own terms & conditions.

Except as provided elsewhere in this IFB, there will be no change in the terms and conditions, bid prices, or products offered during the contract periods.

Use of resulting contracts is voluntary. The issuance of this solicitation does not constitute or imply a firm commitment by any eligible party to purchase equipment, goods or services from any contracted vendor. Accordingly, ability to perform, price competitiveness, and product quality are key to sales. Nothing in this IFB shall be interpreted as a restriction upon an eligible party from buying any item or similar product by any other means, from any other Vendors, at any time during the Contract term.

Eligible parties will be the buyers under contract(s) awarded through this IFB. All transactions between eligible parties and contracted vendor(s) will be solely between those parties. Neither MAPC, the participating municipalities nor any other eligible party will be held liable by the vendor(s) or another eligible party for any loss or liability, other than payment for delivered products as may be limited herein, incurred as a result of this procurement.

This contract will be awarded and administered by MAPC on behalf of the participating school districts. Any eligible party that purchases the goods of a selected vendor under any resulting contracts will be responsible for managing and directing the work of the selected vendor for all purchase orders and work orders initiated by the municipality. If for some reason, a participating municipality/school district finds that any provisions of the signed contract are not being observed by the selected vendor, they can seek remedy directly from said vendor and notify MAPC of any issue relating to non-performance under the signed contract.

25. WITHDRAWAL AFTER AWARD

If a contract has been awarded and the awarded vendor, for any reason seeks to withdraw from the contract, a 30-day written notice of intent must be submitted to MAPC. The 30-day notice will begin on the date of receipt of the notice, and during this 30-day period all bid prices and specifications must be honored by the distributor. If a vendor, after having been awarded the bid, chooses to withdraw their bid, the vendor acknowledges that all of their bids may be eliminated from consideration for the next bid cycle.

Section 5 - Product and Performance Terms

The brand and grade offered and accepted shall be supplied during the entire contract period, and no substitution shall be made except upon written approval of the Member District Food Service Directors.

Quantities of items are estimated and not guaranteed to be purchased in full during the contract period. This is particularly true in the event surplus commodities are furnished by the U.S. Department of Agriculture.

Bidders shall utilize only properly insulated, mechanically or thermostatically temperature controlled refrigerated transport equipment. Such equipment must be capable of maintaining temperature to protect products. Districts reserve the right to reject the use of any trucking equipment by a carrier if it is not in a clean, sanitary condition and suitable for the hauling of all goods. All delivery personnel must demonstrate good customer service and should be neat and clean with good grooming practices.

Vendors must have a Hazard Analysis Critical Control Point Program (HACCP) for all areas of service and products including but not limited to: purchasing, temperature control, receiving, holding, storage, transportation and delivery. All HACCP records must be documented and available for review.

Such notice may be conveyed by e-mail, fax or other method that verifies delivery by electronic or witnessed means.

Additionally, failure on the part of the vendor awarded the proposal to comply with any of the above terms contained in this IFB and the resulting contract could result in:

- A letter of nonperformance documenting the specific issues involved and the actions necessary to resolve the situation(s);
- Voiding the proposal award in whole or in part; and/or;
- Eliminating the vendor from future award consideration

27. PRODUCT INFORMATION

The winning vendor shall assist the Bid Coordinator in securing all required nutritional, ingredient and CN information as requested, in a timely manner

29. METHOD OF ACQUISITION

At the discretion of each Participating municipality, commercial credit cards (e.g. American Express, MasterCard, etc.) may be used to make purchases. All contract pricing will remain in effect, as will the buyers' tax exempt status.

30. ORDERING AND DELIVERY OF GOODS

Delivery dates and times will be agreed upon by the district and the winning vendor by the date specified in the Key Dates section. Deliveries arriving outside times agreed upon may result in refusal of delivery or billing of distributor for excess labor charges.

The winning vendor shall communicate with the Food Service Director or other designee of each district for a contingency plan at the beginning of the contract year for instances of snow days or other unforeseen school cancellations and how deliveries will be made/adjusted to accommodate these circumstances.

The highest minimum amount for delivery will be no more than \$100.00 per location, including bid and off bid items.

There will be a \$50 minimum delivery per location on the last delivery before the following vacation periods: Thanksgiving, Christmas, February vacation, April vacation and the last day of school for the summer.

Product must be delivered at the correct internal temperature (frozen 0 degrees, refrigerated 34-40 degrees, milk 34-45 degrees between cartons, and dry goods at room temperature). All products are to have a sufficient code date for normal usage. All items will be delivered to an inside storage location acceptable to the receiver. No tailgate delivery will be accepted. No products shall be left outside the building at any time or in any place other than within the school kitchens.

Districts are not required to accept any product that is visibly damaged or adulterated in any manner.

The winning vendor shall replace any item received in unacceptable condition at no cost to the ordering facility in a timeframe acceptable to the district.

Directors must be notified before delivery if any products are unavailable. Substitutions are to be provided of the same or superior quality at the bid price. The director must approve all substitutions.

The vendor must provide full credit on and pickup of food incorrectly ordered or delivered by the next regular delivery. Full credit must be given, in a timely fashion, for foods that are discovered missing from the order, damaged, spoiled, adulterated, or expired.

Deliveries shall normally take place Monday-Friday between 6:00 a.m. and 1:00 p.m.

31. RETURNS

The awarded vendor will guarantee that upon inspection, any defective or inferior supplies shall be replaced without additional costs to the Participating municipality/school district. The vendor will assume any additional cost accrued by the Participating municipality/school district due to defective or inferior supplies.

32. PRODUCT RECALL

The awarded vendor must, upon receipt of a recall notice from the manufacturer or government, notify MAPC and the bid coordinator immediately by e-mail. Appropriate credit must be given for all recalled products.

33. INVOICING/DELIVERY SLIPS

A delivery slip must be left at each school upon delivery, complete with the unit price, extensions and totals. The delivery slips must be left with the Food Service Manager or designee within each of the schools. Delivery slips must be signed by the Food Service Manager or designee before responsibility will be accepted for payment of bills for these schools. If a delivery slip is not signed and the product delivered is in excess of what has been ordered, the Participating municipality/school district will be required to only pay for the amount ordered.

34. PAYMENT BY ELIGIBLE PARTIES

MAPC is not an eligible party under this IFB or any resulting contract(s). Neither is it a party to any resulting transactions, nor can it be held liable for false representations or non-payment by eligible parties.

Eligible parties are not obligated to make payment to vendors other than in a manner consistent with their normal payment schedules and as bound by normal commerce. Payments shall be made in U.S. dollars. Vendors may not require cash payment nor accept cash for any transaction associated with this IFB.

Purchases made by the school districts are exempt from payment of federal excise taxes and any such taxes must not be included. Federal excise tax exemption certificates, if required, will be

furnished by the school district on request. The school districts are further exempt from payment of Federal Transportation tax and the Commonwealth of Massachusetts sales tax.

35. REBATE AND COUPON INFORMATION

The winning vendor assumes responsibility to pass on all rebate and coupon information to all members of the participating school districts.

36. CONTRACT ADMINISTRATION FEE

The awarded Vendor(s) will be required to pay to MAPC a Contract Administration Fee of \$300 for every zone they are awarded within 45 days of the execution of the Master Contract with MAPC. This fee covers the advertising costs of the procurement and the time and resources expended by MAPC staff in developing the procurement and supporting the procurement process.

37. AUDITING

The Group retains the right to audit distributor's invoices for any and all bid items. The audit may take place at any location suitable to the participating school districts, including at the offices of the distributor. The distributor will be given no less than 2 weeks' notice to assemble all relevant documents for review.

38. BID COORDINATION

The participating Cities, Towns and School Districts receive the support of a Bid Coordinator, Tim Goossens, tgoossens@food4schools.com, to determine the products they seek to purchase through this IFB. The awarded vendor is required to work with the Bid Coordinator in managing product changes.

No bid item shall be deleted, changed or discontinued by the distributor unless previously approved by the Bid Coordinator.

The awarded vendor shall assist the Bid Coordinator in securing all required nutritional, ingredient and CN information as requested, in a timely manner.

MAPC is strictly the procurement agent for this Bid and is not responsible for the activities of the Bid Coordinator used by the participating Districts. The Bid Coordinator is not responsible for membership changes that might take place during the bid award or for deviations in purchase amounts from the projected volume.

39. RESPONSIBILITIES OF PARTICIPATING SCHOOL DISTRICTS

As per 7 CFR 210.21 Subpart E, participating school districts in their role as school food authorities are the party that must comply with the requirements of 7 CFR Part 3016 and 7 CFR Part 3019 as applicable, which implement the applicable Office of Management and Budget Circulars, concerning the procurement of all goods and services with school food service account funds. While the

contract for purchases made through this Request for Proposal (IFB) will be held by MAPC with the awarded Vendor on behalf of participating school districts, use of this contract by participating districts does not relieve them from their obligations under federal law and regulation. School food authorities remain responsible for settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in connection with the federal school lunch program. MAPC will support participating school districts in whatever way it can to satisfy such issues.

Section 6 – Applicable Laws

40. APPLICABLE LAWS

This procurement is conducted in conformance with M.G.L. c. 7, s. 22B and M.G.L. c. 30B and federal procurement regulations for the National School Lunch Program (see 7 CFR 210.21) and federal funds procurement generally (see 2 CFR 200.317-326). As per regulations, National School Lunch Program operators must ensure all costs are necessary, reasonable, allocable, and allowable per 2 CFR 200.403(a) and the applicable cost principles in 2 CFR part 200, subpart E, and that all procurements are conducted in a manner providing full and open competition consistent with Federal procurement standards in 2 CFR 200.318-326 and in applicable Program regulations at 7 CFR Parts 210.21, 215.14a, 220.16, 225.17 and 226.22. Failing to conduct a competitive procurement process is in violation of Federal regulations.

Government entities are generally exempt from Massachusetts sales tax and U.S. excise tax. Vendors should require that Buyers provide a tax-exempt certificate with their orders.

41. BUY AMERICAN PROVISIONS

Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 (Public Law 105-336) added a provision, Section 12(n) to the NSLA (42 USC 1760(n)), requiring school food authorities (SFAs) to purchase, to the maximum extent practicable, domestic commodity or product. Section 12(n) of the NSLA defines “domestic commodity or product” as an agricultural commodity that is produced in the United States and a food product that is processed in the United States using substantial agricultural commodities that are produced in the United States. “Substantial” means that over 51 percent of the final processed product consists of agricultural commodities that were grown domestically. Products from Guam, American Samoa, Virgin Islands, Puerto Rico, and the Northern Mariana Islands are allowed under this provision as territories of the United States. The Buy American provision (7 CFR Part 210.21(d)) is one of the procurement standards SFAs must comply with when purchasing commercial food products served in the school meals programs.

There are limited exceptions to the Buy American provision which allow for the purchase of products not meeting the “domestic” standard as described above (“non-domestic”) in circumstances when use of domestic products is truly not practicable. These exceptions should be used as a last resort:

- The product is not produced or manufactured in the U.S. in sufficient and reasonable available quantities of a satisfactory quality; and or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product. **For our purposes, we are defining significant as 10% or more expensive than a like non-domestic item.**

The group will accept non-domestic items only if they meet one of the two criteria above.

For each line of the bid, please indicate that the item to be provided satisfies the criteria for a “domestic commodity or product” as defined above, by selecting “X” from the dropdown arrow in the

Domestic Product column. In the event that an item is supplied is not of U.S. origin, the vendor shall indicate this on the worksheet by selecting “Exception” from the dropdown arrow in the Domestic Product column.

Documentation of each exception shall be provided by the Vendor using the **Buy American Exception form which is Attachment 2**. Please provide these exceptions as PDF files, one for each item, on your USB drive.

The winning vendor shall work with the Bid Coordinator after the award to secure proof of domestic origin for all bid items that are indicated as being domestic.

42. FEDERAL CONTRACTING REGULATIONS APPLICABLE TO VENDORS

Debarment and Suspension (Executive Orders 12549 and 12689) — A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) — Vendors may not use Federally appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Vendors must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award.

Equal Employment Opportunity – Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708) – Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or

dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

There is no relationship of employment or agency between **MAPC**, on the one hand, and the **Vendor** on the other, and neither party shall have nor exercise any control or direction over the method by which the other performs its work or functions aside from such control or directions as provided in this AGREEMENT which the parties view as consistent with their independent **Vendor** relationship.

23. **MAPC** shall have the right to terminate this AGREEMENT for its convenience upon fourteen (14) calendar days of written notice.

25. **MAPC** shall not be liable for payments for the services and/or expenses or lost profits of the **Vendor** in the event of termination.
