Worcester, MA. 01832

Re: IFB: MAPC #2020 Bread for Schools
Contract Extension

Dear Mr. Duva:

Please accept this letter as notice that the Metropolitan Area Planning Council (“MAPC”) will extend its contract with Duva Distributors for the provision of bread products to schools for an additional year beginning June 30, 2021 and ending June 30, 2022. This is consistent with the provisions of the contract (see Article VI, line 14).

Fantini Bakery may adjust pricing on any item for the school year 2021-22. This may be a price increase or a price decrease, based on market conditions. If a cost is increased, the new cost to the group must be equal to or less than the new cost to the distributor times the existing margin. If requested by the participating school districts, the distributor shall provide two manufacturer’s invoices to the distributor; one showing the distributor’s cost prior to adjustment, and one showing the distributor’s new cost.

If you find it necessary to update your pricing, please send the revised pricing document, in the same format as the current pricing is provided, to Tim Goossens (tgoossens@food4schools.com) as soon as possible, and copy me in at (mfine@mapc.org). If there is no such necessity, the pricing currently in use will remain for the duration of the term.

On behalf of MAPC and the participating school districts, I thank you for your continued services.

Sincerely,

Mark S. Fine
