Dear Ice Cream Partner,

As we discussed, after evaluating the bids received for ice cream, the group has decided not to award the bid. Instead, we will be sharing your price proposals with the members who will then decide which proposal they would like to move forward with. Most, if not all MSBG districts fall under the formal purchase threshold dollar amount for ice cream, and therefore can evaluate these price quotes and award as they see fit.

We feel this plan will best suit the need of the members and provide a fair and equitable solution for the vendors as well.

Individual directors will be asked to contact their vendor of choice directly and execute contracts.

I look forward to a mutually successful partnership in the upcoming school years.

Sincerely,

Timothy Goossens, Bid Coordinator
