Dear Suzanne:

I am writing with regard to the items listed in the attached spreadsheet as products sold via the MAPC-MSBG Paper Contract with Mansfield Paper. As these items can no longer be sold at the price provided in the bid Mansfield submitted earlier this year, they will have to be taken off the Contract. This should take effect as of December 31, 2021.

We recognize that the supply disruptions that generated this price volatility was largely beyond the control of Mansfield. This action must however be taken in compliance with Massachusetts procurement laws. This does not mean that Mansfield cannot sell the items in the spreadsheet to these districts, but that any such sales must be done via another contract or purchasing arrangement with those districts.

Please let me know if you have any questions or concerns.

Thanks for working with us.

Mark

Subject: List of paper items

Hi Mark - thank you so much for reaching out yesterday - I think this was a great idea which will be workable and not put a greater burden on anyone.

Attached is the list of items that Mansfield cannot honor their contract price on and need to be removed. If you could send an email to Suzanne Charette at scharette@mansfieldpaper.com to this effect it would be great.

There will be more items I am sure in the future to add to the list. You can see it's mostly plastic cutlery and the World Centric product line.

Thanks again and LMK if you have any questions.

Tim

Please be advised that the Massachusetts Secretary of State considers e-mail to be a public record, and therefore subject to the Massachusetts Public Records Law, M.G.L. c. 66 § 10.
